Commercial Dive Operations – Gove Harbour

14 September 2017

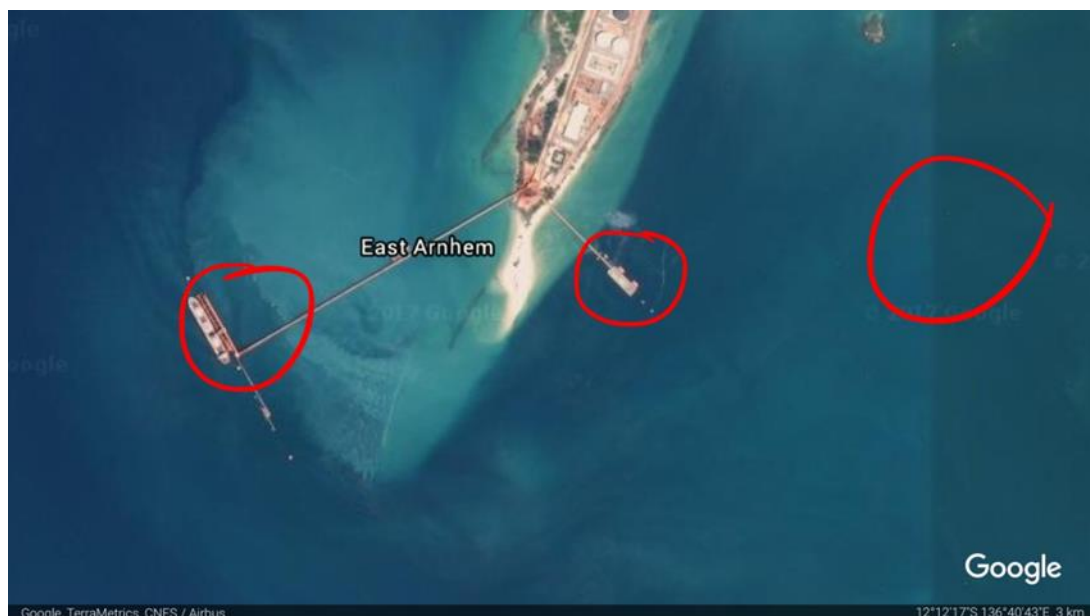

Please note that commercial diving operations will be taking place between 16-19 September 2017 within Gove Harbour.

These activities are part of our routine survey inspections and to ensure any underwater hazards are removed.

During this period, all vessels are to stay a minimum of 100m from the impacted areas. Boat users are also reminded to manage vessel speeds accordingly in the area. The area will be patrolled by Rio Tinto to ensure no recreational vessels are in the vicinity for the safety of the divers.

Boat users are again reminded that unauthorised entry in to Gove Operations Waterside Restricted Zones is an offence under the Maritime Transport Security Act 2003. A fine of up to \$5000 can apply to any vessel or person found within a restricted zone.

Areas affected are circled in red below;

For any enquiries please call the Communities team on **1800 996 508**.
