

Gove Operations Community Notice

27 March 2018

Keeping you informed

We're making some changes to the way you can keep up to date with information relating to our operations and services.

Based on community feedback, the following changes effective from 2 April 2018, include:

- A dedicated **24 hour hotline** will be active for all **power related queries**
- **1800 931 377** is the number to use for any planned and unplanned outages impacting your area

If you haven't already done so, please subscribe to receive our community notices by email (including notice of all planned power outages) and SMS updates. The SMS notifications **provide live regular updates** in relation to timing and location of unplanned power outages.

Visit our website www.goveoperations.com to subscribe.

Our website is an 'information hub' where you can:

- View the latest community notices
- View employment opportunities
- Subscribe to SMS updates for unplanned power outages
- Register to attend our quarterly community update meetings
- Download application forms for community investment programmes
